

Careers

Are you intrigued by a career at a multi-disciplinary and team-oriented company? If so, Sentinel Trust may be the place for you.

We provide a wide range of personalized investment, family office, fiduciary, and other complementary services to a very select group of clients. Given the complexities faced by our clients, our people have the opportunity to grow their careers by working across disciplines to develop comprehensive solutions for clients while surpassing their expectations. **We don't sell products or subject our staff to the quotas and other pressures of a sales-oriented company.**

Our client service professionals develop personal relationships with the small group of families they serve. Members of our investments group participate in a sophisticated, thoughtful investment process tuned to the needs of our exclusive clientele. Our administrative services and operations specialists are entrusted with the complex support needs of our valued clients and the staff members who serve them.

We are a growing firm, but we don't measure our success by reference to assets under management or size. Rather, **our success is determined by our clients' satisfaction to the daily work our team provides.**

At Sentinel Trust, it is our people who cultivate our success. And, in doing so, they can enjoy a rewarding, satisfying and, hopefully, long-term career.

Please send your resume to humanresources@sentineltrust.com to apply.
